Gordon Nelson : The Magnificent Nahanni: The Struggle to Protect a Wild Place before purchasing it in order to gage whether or not it would be worth my time, and all praised The Magnificent Nahanni: The Struggle to Protect a Wild Place:

0 of 0 people found the following review helpful. Beauty and a struggle well sharedBy Vicki GoodwinThis was one amazing book with beautiful images of some of the most picturesque scenery I have ever seen. The untamed wilderness and those breathtaking mountains were just a joy to read about and see. I enjoyed seeing and reading about an area I had as of yet never visited. I now want to visit so badly. A great book with so much information and detail.I am so thankful to the publishers and NetGalley for allowing me to read this book. I was happy to provide this review and I can recommend this book as a testament to the wild pristine areas in the world.

Idquo;Fascinating and impressive.rdqquo; ?Thomas Gunton, Director of Resource and Environmental Planning, Simon Fraser University and former Deputy Minister of Environment, Lands and Parks, Government of British ColumbiaThe Magnificent Nahanni extols the natural wonders of the South Nahanni Valley?its untamed waters, high, glaciated mountains, colourful tufa mounds, great falls, deep canyons, caves and karst, extensive forests, alpine tundra, and diverse wildlife, including Dallrsquo;s sheep, caribou, wolf, and grizzly bear. It is also the story of cooperative efforts to conserve the area while enabling Indigenous people to continue to hunt and fish there. Idquo;Just as the Nahanni is an exceptional place, this is no ordinary book. It contains reflections on this remarkable national park landscape by one of the keenest students of parks and protected areas this country has ever produced.rdqquo; ?Harvey Locke Idquo;[A]n exemplary multi-disciplinary approach to land use studies and cooperative approaches to research, planning and land management, especially involving Indigenous and non-governmental groups ndash; in short, this book makes a major contribution to research.rdqquo;?John S. Marsh, co-editor, Changing Parks

"Fascinating and impressive." -- Thomas Gunton, Director of Resource Environmental Planning, Simon Fraser University former Deputy Minister of Environment, Lands Parks, Government of British Columbia "Just as the Nahanni is an exceptional place, this is no ordinary book. It contains reflections on this remarkable national park landscape by one of the keenest students of parks and protected areas this country has ever produced." -- Harvey Locke, Co-Founder of Yellowstone-Yukon Conservation Initiative Past President of Canadian Parks Wilderness Society "[A]n exemplary multi-discipline approach to land use studies and cooperative approaches to researach,

planning and land management, especially involving Indigenous and non-governmental groups -- in short, this book makes a major contribution to research." -- John S Marsh, Co-Editor, *Changing Parks* About the Author Gordon Nelson has received the Massey Medal, the Parks Canada Natural Heritage Award, an Award for Scholarly Distinction in Geography, and the Harkin Medal. He is a distinguished professor emeritus at the University of Waterloo, Ontario. Harvey Locke is a conservationist, writer, and photographer. He is a recognized global leader in the field of parks, wilderness and large landscape conservation.
